Pine River Natural River Zoning Review Board

The Pine River system was designated a State Natural River in 2003. The designation and the associated rules created an overlay natural river zoning district that extends 400' from each edge of the mainstream and tributaries of the Pine River . The program is administered by the Fisheries Division of the Department of Natural Resources (DNR). One of the two county representatives is someone who works in planning, zoning, public health, soil erosion control, or a related field. The Board will meet no more than once a month; however, on average, the Board only meets several times per year.

Length of Term N/A
 Meeting Times and Dates At Least Once a Month
